Sensazioni calde nelle giornate fredde

Quando arrivano i primi segni dell'autunno e dell'inverno, sembra che la natura ci inviti a giocare con tutti i suoi meravigliosi colori e doni stagionali. Bacche risplendenti decorano i rami sempreverdi e le foglie sembrano irradiare e diffondere raggi di calde tonalità mentre cadono ai tuoi piedi. Portare questi splendidi colori nella nostra casa consente di creare accoglienti scintille di gioia mentre aspettiamo il ritorno delle giornate più luminose. E se a tutto questo aggiungiamo il gratificante senso di realizzazione del processo creativo quando assembliamo le forme e i colori che ci ispirano, la nostra esperienza di costruzione sensoriale sarà completa. Con questa Ghirlanda LEGO® elegantemente assemblata, è possibile prolungare queste sensazioni di gioia, rallegrando gli interni della nostra abitazione durante la stagione invernale.

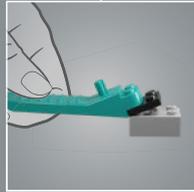

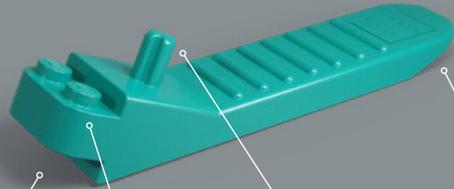

Aromi festivi

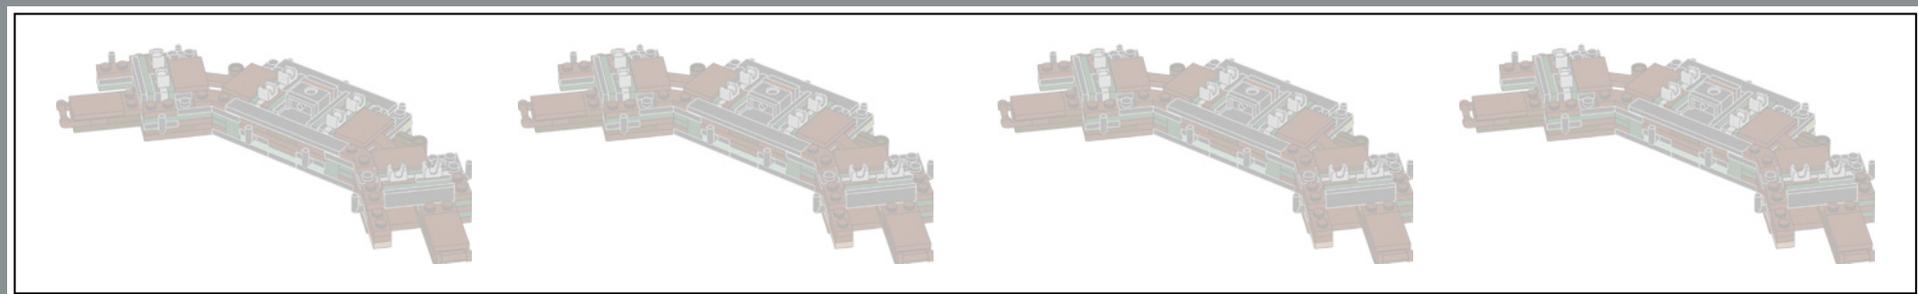

Ogni stagione ha il suo fascino. Anche le buie giornate invernali ci regalano momenti di luce da condividere con le persone care. Nulla evoca ricordi nostalgici come le fragranze dolci e aromatiche delle festività natalizie: il fogliame tonificante dell'abete, le asprigne fette d'arancia, la calda cannella o la profumata linfa di pino. Quando si costruisce questo set, è possibile trovare ispirazione da tutti questi profumi e spezie familiari. Costruisci quindi questa ghirlanda decorativa e appendila alla parete oppure usala come centrotavola festoso. Aggiungi il tuo tocco creativo e personalizzalo per adattarlo alla tua celebrazione, al tuo umore o al tuo arredamento. Dalla forma della composizione ai piccoli dettagli, basta scambiare le bacche o riconfigurare gli elementi decorativi e sperimentare con gli elementi per creare nuove espressioni. Ci auguriamo che questo set ti riscaldi e ti coccoli nelle giornate più fredde e che potrai creare nuovi ricordi a cui guardare con nostalgia negli anni a venire.

La parte inferiore degli aghi dell'abete di Fraser presentano una tinta bluastra, qui rappresentata da elementi di foglie di palma verde sabbia: un nuovo colore per questo classico elemento LEGO®, apparso per la prima volta nel 1989.

Alcune specie di magnolia sono sempreverdi,
e le loro foglie sono quindi perfette per
realizzare composizioni tutto l'anno.

I bastoncini di cannella provengono dalla corteccia interna essicata di un albero di cannella. Nell'antichità, la spezia era considerata più preziosa dell'oro.
